EXCITING FIRE AT BELLE PRE WORKS

Paper Warehouse and Contents Destroyed About Noon Today.

SOON UNDER CONTROL.

Firemen Succeed in Confining Flames and Prevent Them From Spreading to the Plant Proper.

There was an exciting fire at the Belle Pre Bottle Works about noon today, which attracted a dense crowd to the scene. The paper warehouse on the south front, and in close proximity to the main plant on the north, suddenly burst out in flames which roared furiously as they were fanned by a stiff southerly breeze. It looked for a time as though the entire plant was about to be licked up, and before the arrival of the fire department the operatives were doing everything possible to prevent the spread of the fire to the north.

The structure, which was of wood, was stored with paper, used in packing bottles, and when the fire reached the contents huge volumes of smoke darkened the heavens.

The fire had a dangerous headway when the engines started to work, and notwithstanding the firemen were using every effort to confine the fire, the flames were leaping high and protruding in the direction of the main building.

In half an hour's ime it became apparent that the firemen had arrested the progress of the blaze, in fact they had succeeded in getting the conflagration under control.

They remained on the scene for a long time, sending streams of water into the huge banks of charred and burning paper, and did not leave until all further danger had been obliterated.

The loss could not be estimated, although it is not supposed that it will be heavy.

The paper warehouse was situated in the south front of the Belle Pre Works. It was a wooden one-story structure.

An adjoining structure was considerably damaged.

This is the second fire in glass plants in this neighborhood during the past few weeks, the Virginia Glass Works in West End having been damaged by a conflagration a short time ago.

The alarm of fire shortly before ten o'clock this morning was caused by the burning of a pile of brush in the yard adjoining the residence of William Martin, northwest corner of Franklin and Alfred streets.

FOR NEW CHURCH SCHOOL.

Memorial Before Methodist Conference Aimed at Vanderbilt.

Oklahoma City, Okla., May 12.—The Rev. Dr. H. M. Dubose, of Atlanta, presented to the general conference of the Methodist Episcopa church here yesterday a memorial from the North Georgia conference to establish a new theological school in view of the seeming severance by the church of all connecton with Vanderbilt university at Nashville, Ten., under the direction of the Tennessee Supreme Court. The memorial made no reference as to location of the proposed new institution.

Fourteen telegrams from women in various parts of the country encouraging the granting of laity rights to women were read to the conference.

A difference in committee over the personnel of the commission to act in an advisory capacity with the negro Methodist Church resulted in that matter being returned to the committee in charge when it came before the conference.

The committee on missions recommended that the conference concur in the memorials from the Board of missions asking the establishment of a Mexican border mission and also a mission in Western Mexico and lower California.

CASE OF LIEUT. MAIGNE.

Retired Officer Incurs Secretary Garrison's Wrath.

Washington, May 12.—Charles M. Maigne, a retired lieutenant of the United States army, is being held prisoner by General Funston at Vera Cruz, on the cabled orders of Secretary of War Garrison.

Maigne is connected with a Washington newspaper, and went to Vera Cruz on board the Arkansas, Admiral Badger's flagship, to act as correspondent. This, it is understood, is contrary to the army regulations, under the control of which Maigne remains in site of his retirement from active service.

After landing at Vera Cruz, without having obtaned offical permission to represent Washington paper in Mexico, Maigne is reported to have penetrated far beyond the outposts of the United States military forces, and, wearing citizens' apparel instead of the army uniform, penetrated the lines of the Mexican federal forces outside of Vera Cruz, and is said to have gone as far as the environs of Mexico City.

Secretary Garrison said today that this was a grave violation of the army regulations, and could not be overlooked by the officials of the War Department.

Passing through the lines of the federals is also construed as a technical violation of the assumed armistice between the United States and the Huerta governments, and it is for this reason principally that Maigne is being held.

Secretary Garrison has ordered Lieut. Maigne to be returned to the United States on the first available ship, and there is little hope of his escaping court-martial, it is admitted by officials of the War Department and officers of the army.

YOUNG GIRL ENDS HER LIFE.

Took Enough Poison, Police Say, To Kill a Dozen People.

Philadelphia, Pa., May 12.—Margaret Blumberg, 20 years old, of No. 306 Norris street, ended her life Sunday by drinking enough poison, it was said, to kill a dozen people. The girl, who as a school teacher, left a letter addressed to her father, mother and brothers and sisters, asking them not to worry about her. In it she inclosed $23 which she stated was her savings from childhood. She gave directions for her funeral, and stated that the $23 would be quite sufficent to pay all expenses.

The coroner's officials said that year ago the girl was injured in a trolley accident, and that since then she had been subject to spells of sickness and at times had acted queerly.

WILD CAT HUNT.

Captive Kept as Attraction at Hotel Escapes and is Not Shot for Hours.

Williamsport, Pa., May 12.—A wild cat that was held as a curiosity at the Arcade Hotel, in the rear of the Court House, escaped from its cage Sunday night and was at large until 2 o'clock yesterday, when at the end of a search by men armed with guns and revolvers, the animal was cornered in a summer garden of the hotel and shot by J. C. McCloskey, the proprietor.

Just how the cat escaped from its cage is not known. This morning, as everal children of the McCloskey family were playing in a hall in the rear of the hotel, they lifted a loose board from the floor and the animal jumped out of the opening, passed the children and escaped. An alarm was given and a crowd started a search.

Shortly before 2 o'clock in the afternoon as Frank Boye, a baker in the Updegraff Hotel, the rear of which adjoins the Arcade property, was flushing the bakery floor with a hose, two dogs chased a cat into the apartment. Boye thought it was a tame animal and turned the water on the dogs, driving them outside.

He then turned his attention to the visitor, but when it made a pass at him and narrowly escaped tearing his arm, he chased it also with the water weapon, forcing it to the open, where it was sighted by the armed searchers and driven to cover behind a pile of chairs in the summer garden, where two bullets from a rifle neded its life.

MAKES DEMAND FOR SILLIMAN

Dictator Bows to Mandate, But Wants Him to Leave Mexico.

FORCE HUERTA'S HAND

Mexican in Interview With Correspondent of London Paper Declares That He Proposes to Stick.

Washingon, May 12.—Vice Consul John B. Silliman, at Saltillo, Mexico, is to be immediately released.

Assurance that Huerta, the dictator, will bow before the veiled unliatum sent him through the mediators last night came to the State Department today from Minister Cardoso, Brazilian representative in Mexico City.

Minister Cardoso informed the department that orders for the immediate release of the American consul were telegraphed to Saltillo by the Huerta government last night, and that the consul would be delivered to the Brazilian embassy in Mexico City in response to the demand.

The most vigorous diplomatic representations failed to bring action from the Huerta government in the Silliman case, and last night it was necessary for the State Department to present its demands through the mediators with a threat of enforcement if they were not immediately met.

The Huerta government is exacting in return, according to unofficial dispatches, that Silliman immediately leave the country. This means that after his delivery in Mexico City he will be sent on one of the refugee ships to Puerto Mexico to sail to the United States.

Minister Cardoso has agreed that Silliman is to leave Mexico

Vera Cruz, Mexico, May 12.—So imminent is the fall of Mexico City that the representatives of the Mexican government, now on their way to Niagara Falls, with their families, not only were secretly delighted to leave the dangers of the capital, but have planned to continue their journey to Europe after appearing before the A. B. C. mediators in the Canadian city.

They know that Dictator Huerta has planned to make a last stand in Puebla, 150 miles toward Vera Cruz from the capital. There he can flee after the devastation of Mexico City has set in and with his Supremos Poderos, the regiment which will remain faithful to him when others have deserted, he expects to be able to hold out against the rebels until the American forces come and rescue him.

London, May 12.—"We are in the lion's mouth, but the lion will not find it easy to eat us," was the declaration of General Heurta in an extended interview in Mexico City, according to a dispatch from Luigi Barzini, correspondent of the Daily Telegraph, printed here today.

"We are showing the world how to defend a sacred principle, that of national sovereignty," Barzini declared the dictator told him. He said he was determined to fight to the last.

"Fate has willed that in my hands should rest the decision of life or death for our national independence." Barzini quotes Huerta as saying. "I have no right to barter away the independence of Mexico for my own tranquility and that of the country. It is my duty to fight to the last—to fight to the death.

"We are small and weak in comparison, with the power which threatens us, but we are conscious of our rights that are being trampled under foot. My government may be burned or pulverized, but it must remain at its post and resist American imposition, and every request that diminishes national independence, whether it comes from the United States or from sister nations, must be steadfastly resisted.

"If I were to give way, I should deserve to be cursed by future generations as a traitor."

General Huerta predicted endless guerilla warfare if the Americans attempted to take Mexico City.

ENGINEER'S DARING ACT.

Leaps From Cab and Holds Girl Down as Express Passes Over Both.

Perth Amboy, N. J., May 12.—As brave a deed as ever was recorded was that performed by Richard W. Rawlins, engineer of a fast freight on the Pennsylvania Railroad, when he saved the life of Mabel, the 4-year-old daughter of Harry Brownson, of Farmington, risking his own life with never a thought for himself. Fellow-employees of the brave engineer and other residents of the city who have heard of his daring performance will endeavor to get a hero medal for him.

Rawlins' train was pulling slowly through Farmington when he saw the little Brownson girl playing upon the other track, while an express train from the opposite direction came tearing down the road. There was not an instant to lose and no calculation as to what to be done. Rawlins saw that the life of the child depended upon swift, courageous action and he took the single chance in a million. Leaping from his cab he seized the little girl, who had at that instant become frightened by the shriek of the whistle of the oncoming train and was in a panic.

Rawlins had not even had time to drag the child from the track, but pressing her little form close he sank to the ties, holding himself and his tiny burden down with desperation. The train passed over them and the coupling of an air hose struck the engineer, cutting a gash in his left shoulder, but the little girl escaped injury entirely.

BOY BOAT TRAGEDY HERO.

Saves Self, Mother and Cousin, But Sister Drowns.

Williamsport, Pa., May 12.—When their boat upset, Zelma Eaton, 5-year-old daughter of George W. Eaton, of Blanchard, Centre county, was drowned in Bald Eagle Creek, while her mother and her cousin, Chester Waltz, aged 10, were saved by her 14-year-old brother William.

William was poling the craft, when it struck a sunken log and instantly filled with water. As the boat sank the mother called to her son to save the other boy, while she would endeavor to get her daughter out of the water. Young Eaton succeeded in getting his cousin to the shore and turned to see his mother collapse under the strain and lose her hold on the girl, who sank.

The lad rushed back into the water and, after a great struggle, got his mother, who weighs 200 pounds, safely to the shore.

DISTRICT TAXATION.

George Bill Defeated in House of Representatives Today.

Washington, May 12.—The House today refused to amend the tax laws of the District of Columbia.

The Johnson-Prouty proposition to assess and tax everything, real, personal and intangible at a fixed rate and at full assesment valuation, and thus undermine an organic act, was not acceptable to the House, nor was the Johnson substitute for that amendment, introduced suddenly yesterday accepted by the House; and to the amazement of every one, the original George bill, concerning which the House has debated for nearly two years, was voted down. Chairman Johnson's substitute was beaten on a roll call vote, 164 to 132.

As far as the District of Columbia is concerned there is now pending no legislation to revise the tax laws, the assessor's office or establish new rates of taxation. The house has cleared all this off the board. The good and evil of the George bill have been stricken off the calendar.

For the first time in 10 years the Republicans won a sweeping victory in the municipal election in Martinsburg, W. Va., yesterday, defeating the Democratic candidates by an average plurality of more than 100 in four of the five wards. Thomas M. Turner, Republican, was elected Mayor over Herbert L. Alexander, Democrat, by a plurality of 486. Four Republican Councilmen were elected.

NEGRO ASSERTS HIS INNOCENCE

Richmond Woman is Sure Dead Man Did Not Attack Her.

ONE IS IDENTIFIED.

Detective Who Inflicted Fatal Wounds on Suspect is Arrested and Later Admitted to Bail.

Richmond, May 12.—Samuel Thompson, colored, one of the eleven suspects held in connection with the brutal attack on Miss Fannie T. Chenault, of Henrico county, on Saturday night, died at 3:45 o'clock yesterday afternoon at the City Hospital from wounds inflicted by Detective Sergeant Fred Krengel on Sunday morning, when the negro was shot three times while resisting arrest. Although attempts were made to get a statement from the dying man, no light was thrown by him upon the crime. Sergeant Krengel is technically under arrest, and has been suspended by Mayor Ainslie, pending an investigation into the shooting. Miss Chenault viewed the body yesterday afternoon and was positive that it was not that of the man who had attacked her.

Two more arrests in the case were made yesterday, and several more negroes are under surveillance by the city police. Attempts late yesterday afternoon to identify the assailant were fruitless; although Miss Chenault carefully examined them all. The six men held in the Henrico county jail were released.

Thompson for several hours prior to his death was partially unconscious, and was under the influence of drugs.

Thompson was shot in three places, and an operation was performed on him late Sunday afternoon. About noon yesterday it became apparent that he was dying, and every effort was made to get an ante-mortem statement. Detective Gordon Smith and Patrolman Walsh, as well as the physicians, were unable to get the negro to make any statement at all, beyond reiterating his innocence.

Postively identified by Mrs. Ella Adams, of 1814 North Twenty-ninth street, as the negro who attempted to assault her Friday night, Sandy Brown is being held in the Henrico county jail pending the results of a preliminary hearing, which will be held tomorrow morning at 11 o'clock.

The arrest of Brown was unusual and spectacular. Mrs. Adams passed a gang of negroes working on the Richmond and Rappahannock River Railroad while out walking Saturday and among them she recognized Brown as the man who had attacked her. Her brother, T. E. Montgomery, was immediately notified, and with M. W. Sandridge hurried to the place where Brown had been seen. Brown was seized and hurried to the Henrico jail, where he has been kept since that time. Brown said that he was a native of Petersburg.

But for the approach of Mr. Sandridge shortly after the young woman had been seized, it is probable that she would have been severely mistreated. The negro heard him coming, and, releasing Mrs. Adams, ran off down the Nine-Mile Road.

'QUAKE DEAD NUMBER 200.

Highest Percentage of Fatalities Ever Recorded in Sicily.

Cantania, Sicily, May 12.—The official estimate of the dead as a result of the recent earthquake which destroyed many villages on the eastern slope of Mount Etna, places the number at close to 200. This is said to be the largest percentage ever recorded, considering the smallness of the area affected by the disturbance.

SCHOONER GOES AGROUND.

Several Hours Required to Release the Cherubim—Tug Accident.

As the two masted bay schooner Cherubim, which unloaded a cargo of lumber in the latter part of last week, was beating down the river Sunday she ran hard ashore on the flats on the District in the river a short distance above the old railroad pier at Shepherd's. The vessel struck hard and fast and it required strong kedging and a good full tide to get her afloat. This was accomplished after several hours' work and the schooner resumed her interrupted voyage. Where she went ashore the bottom is but soft mud and while it held the vessel in a tight grip no damage was done the hull.

An old seine lying on the bottom of the dock of the Alexandria Fertilizer and Chemical Company was picked up by the propeller wheel of the tug Captain Toby, as she was docking a lighter and was wound about the wheel so tightly as to prevent it turning. Several hours' work was required to cut the net from about the wheel so that the tug could return to service. The Toby had just arrived in the dock from Quantico creek when the accident occurred.

Hospital Fund Increases $293.77 Today by Generous Donations.

NOW REACHES $27,738.45

Collection Committee Anxious That Contributions Will Pass $30,000 Mark By End of Fourth Week.

In addition to the warm weather and the heat of politics the thermometer of the hospital fund continues to rise and showed an increase this morning of $293.77, making a grand total of $27,738.45, leaving only $2262 to make up the thirty thousand dollars.

If some public-spirited citizen would send in his check for this amount it would be very gratifying to everybody concerned. However, as this may not reach headquarters before sometime next week everybody is requested to send in their contributions as rapidly as possible.

The committee desires to pass the thirty thousand mark before the end of the fourth week

Yesterday's statement that the Carpenters' and Joiners' Union, No. 1665, had contributed $25 was a mistake. This amount should have been credited to Mr. John T. Harrison, (as a personal contribution.) It will be seen below that the local Union, No. 1665, United Brotherhood Carpenters and Joiners, appropriated $100 to the hospital fund.

IDLE WOMAN ENDS LIFE.

Driven to Despondency Because She Could Find No Work.

Lansdowne, Pa., May 12.—Despondent because she was out of employment and without money or friends, Josephine Torrelli shot herself with a revolver, in a clump of bushes at Wayscombe Avenue and Marshall Road, Upper Derby township. The shot was heard by William Sheppard and his sister, Gertrude, who found the woman seriously injured. Carroll Williams, a Swarthmore lawyer, took the woman in his automobile and rushed to the office of Dr. John A. McKenna, in Lansdowne, who had her removed to the University of Pensylvania hospital, where she died.

In a letter she said at one time she was employed in a hotel in Chester county, but because the place lost its license she lost her position.

Daniel White and wife have sold to J. M. Doherty a lot on the northeast corner of Oronoco and Pitt streets.

The Citizens' National bank through its officers will be glad to receive subscriptions from its patrons and friends to the Hospital fund, delivering the same to the committee daily.

TEXAS STATUTE ANNULLED.

Supreme Court Upsets Law Governing Freight Conductors.

Washington, May 12.—The Texas statute providing that a person should not act as a freight railway conductor without having had two years' experience as a freight brakeman, except in cases of emergency, was annulled yesterday as unconstitutional by the Supreme Court.

Justic Lamar announced the court's decision. He stated that while the public had a right to fix standards and tests for those serving in semi-public positions, yet it could not establish arbitrary rules, which gave certain classes a monopoly of positions.

He declared the law gave freight brakemen a monopoly of the right to succeed to freight conductors and excluded therefrom all others of the public, including firemen, engineers, passenger conductors and passenger brakemen.

CITY FATHERS TO MEET

Regular Semi-Monthly Session of the City Council Will Be Held Tonight

The resolution appropriating $12,000 for the construction of a modern truck and engine house on the north side of Prince street, near Royal, referred to the finance committee at a special meeting of the Board of Aldermen last week, will be reported favorably tonight, passed by the upper board and sent to the Common Council, where it will lie over three days, according to law, after which time the lower board will concur in the action of the Board of Aldermen.

The other matters which will come up tonight will be of a general nature.

The financial and light departments are now engaged in preparing the yearly reports of operations up to the 31st of this month.

The tax bill has passed both boards and been signed by the Mayor, but the license law has not yet been passed by either board.

WHARF AT WHITE STONE.

Structure to Accommodate Shippers of Railway Ties.

For use in the shipping of railroad ties to Alexandria a small wharf has recently been constructed at White Stone, Va., and lighters belonging to L. E. Smoot are used in the transportation of the ties to Alexandria, from which point they are shipped north and west. The ties are being cut in the woods back of White Stone point.

While there has been no general resumption of tie shipments from the Potomac, the schooner Gracie D. Chambers is in Upper Machodoc creek taking aboard about 10,000 ties for New York, and it is said barges are loading ties at other points on the river. So far this season not a vessel has loaded ties at Alexandria or Washington, though a quantity of the material has been shipped north by rail.

NARROW ESCAPE OF TRAIN.

Watchman Discovers Three-Day Slide In Time to Halt Train.

Huntingdon, Pa., May 12.—Just as the Sunday morning special with its treasured load of lives was speeding from Saxton to Mount Dallas, at 8 o'clock a track watchman discovered that thousands of tons of earth and rock had been precipitated into Cypher cut on the main line of the Huntingdon & Broad Top Railroad, 36 miles from here.

The watchman ran around the short turn which obscured the avalanche from view and flagged the train, avoiding what would otherwise have been an inevitable catastrophe.

As soon as the discovery was made officials of the railroad, which extends from Huntingdon to Bedford, placed a force of men at work removing the mighty obstruction, which buried the tracks under 25 feet of earth and rock for 100 feet or more.

Vote to Ratify Underwood.

Montgomery, Ala., May 12.—Alabamans today went to the polls to ratify the choice of Oscar W. Underwood, Democratic floor leader of the House of Representatives and framer of the tariff law, as United States Senator. Underwood is chosen to fill out the unexpired term of the late Senator Joseph F. Johnson. He was nominated over Former Congressman Richmond Pearson Hobson at a special primary election April 6.

The actual election of a United States senator for the long term begining March 4, 1915, and of the state and county officers, will be held next

NEWS OF THE OLD DOMINION

NORFOLK GETS DRY DOCK.

City by Sea Will be Made Peer of Any In Country.

Washington, May 12.—The senate naval affairs committee has agreed to the proposition of Senator Swanson, made several days ago to appropriate $3,000,000 for the construction of a mammoth dry dock at Norfolk, and placed the item in this year's bill, with $200,000 to be immediately available. The committee also agreed to vote $104,000 for the entertainment of naval officers at Hampton Roads when the Panama canal celebration is held there next year.

The agreement to appropriate $3,000,000, for the constructon of a dry dock at Norfolk is significant and worthy of more than passing notice. It means that Norfolk is to be made the peer of any navy yard in the country, equipped to build the biggest and mightiest of battleships, and that hereafter no one yard will have a monopoly on battleship construction. It means further, that Charleston, which some years ago was fortunte enough, through the efforts of Senator Tillman, to have a dry dock constructed there, must look to her laurels to see that the ships now going there are not sent to Norfolk when the latter's dock is built. It means also the assembling of a large force of skilled mechanics and shipbuilders at Norfolk which may swell her population very materially.

There are several other important items in the bill put in at Senator Swanson's request, but the two already referred to are to be especially commended.

In addition to this Senator Swanson secured revocation of an order that no more steel castings would be made at Norfolk. As a result of this 100,000 tons of pig iron will be shipped there at once by the navy department. All of this will make Norfolk one of the big navy yards of the country.

KILLED BY AUTO.

Mr. E. M. Worthen is Run Dowb ny Machine at Atlanta.

Atlanta, Ga., May 12.—Miss E. True Worthen, 23 years old, sister of Herbert C. Worthen, general manager of the Southern division of the Western Union Telegraph Company, was run down and fatally injured here yesterday by an automobile. She died shortly afterward.

When informed by physicians that she could not live, Miss Worthen expressed a desire to see her mother before she died and arrangements were made to have one of the special trcoming here for the meeting of the Mystic Shrine stop at Charlotte, N C., the home of the girl'sr mothe. Miss Worthen died, however, before her mother could arrive.

E. L. Mauk, of Americus, Ga., owner and driver of the machine, is under bond pending an investigation of the accident.

EXPLOSION KILLS EIGHT.

Three Also Badly Injured in Accident on Old Dominion Liner.

Norfolk, May 12.—Eight dead and three severely injured was the toll of the explosion of one of the boilers of the Old Dominion liner Jefferson at 10:55 o'clock last night, five miles this side of Cape Henry.

The Jefferson is on her way to New York and should have arrived there this morning about 4o'clock. An inspection of the boilers will be made at New York by the best experts that can be obtained and the cause of the explosion arrived at. It is impossible to say at this time what caused the accident.

MAY GET VIRGINIA ESTATE.

Woman Serving Term in Missouri for Forgery—Claims Inheritance.

Winchester, Va., May 12.—Final settlement and distribution of the large estate of the late George M. Nicholas, the Rockingham county farmer who died from arsenic poisoning, according to an official report by the State Chemist and the coroner's jury, is not likely to be made for some time to come by reason of the fact that Miss Ella McClendon, of Missouri, who claims the major portion of the property, has just begun a five-year sentence in the penitentiary at Fort Leavonworth, Kan., after being convicted in the Federal Court at Cape Girardeau, Mo., of forging the name of a dead man to a check and endeavoring to secure the cash on the same through the mails.

The Missouri case, however, had nothing to do with the Virginia litigation. The McClendon woman recently employed counsel in Harrisonburg to fight for her in the Nicholas will matter. The four brothers of Nicholas were surprised when the attorney for the State received through the mails a document purporting to be the will of Nicholas. Where it came from has never been disclosed, but it provides that Miss McClendon shall have $75,000 in cash and Nicholas' large farm, valued at about $30,000. Although the brothers of Nicholas declare the mysterious will to be a fraud and a forgery, it is claimed the handwriting is very much like that of old George Nicholas.

ATTACKS ON WHITE WOMEN.

The people of Richmond are incensed over two attacks made during the past few days upon young white women. One suspect, it is believed, has been fatally wounded by an officer while resisting arrest. The authorities are inclined to believe that the wounded negro is innocent of the crime of attacking one of the young women, as he does not correspond to the description given by the victim.

Southern cities have had much with which to contend from negroes since the close of the civil war. Thousands of the race flocked to the cities, under the protection of the Freedmen's Bureau, and the bulk of them have remained. The great mass will not work in the agricultural regions or very little anywhere else, and they swarm in disreputable sections, and constantly cause trouble. A small percentage take advantage of their improved conditions, labor, and are well-behaved. Some build homes and live and die respected by their white acquaintances. But those to whom we refer form but a small percentage the greater number rather deteriorating than advancing in the social scale.

Notwithstanding immense sums of money are spent yearly for their education and general betterment, the mass prefer to eke out their existence in idleness and often vicousness. The gin shop and the brothel are preferred to churches or schools.

The people of the Old Dominion are aroused every time an assault case is reported, and overt acts are liable to be committed by incensed people. The Richmond authorities are endeavoring to bring the perpetrators of these outrages to jusitce, and it is hoped by all law-abiding people that their efforts will prove successful.

PROTECTION OF THE STURGEON.

In his last annual report the United States Commissioner of Fisheries says that "the story of the sturgeons is one of the most distressing in the whole history of the American fisheries." For years these large, inoffensive fishes were supposed to be of no value, and when, as often happened, they became entangled in fishermen's nets, they were knocked on the head and thrown back into the water. When it was discovered that the sturgeon's eggs were valuable as cavair and its flesh as food a period of reckless fishing began, and in a few years the best and most productive waters were depleted, and what should have been made a permanent fishery of great profit was destroyed. On the Atlantic coast the catch of sturgeon fell from 7,000,000 pounds to less than 1,000,000 in 15 years, and an even more rapid decline occurred on the Pacific coast and the Great Lakes. At present the total annual yield for the whole country is less than 1,000,000 pounds, and is decreasing. Not many years ago sturgeons were very plentiful in the Potomac near Alexandria, but there are not more than one or two caught here during the season.

Meanwhile, the demand for the eggs and fish has steadily increased, with the natural result on prices. A mature female sturgeon now often brings more than $150. The worst of the situation is the fact that all attempts at artificial propagation have failed; so that unless prompt steps are taken to protect the sturgeon by law, this fish will be practically extinct in American waters in a very few years. The Commissioner recommends that the Legislatures of all States in which this fish exists or has existed should absolutely prohibit its capture or sale for a period of at least 10 years. Meanwhile, the Bureau of Fisheries proposes to transplant into our waters young sturgeons from foreign countries; especially a species from the Danube and the Caspian Sea, specimens of which have been offered by the Rumanian Government.

Leon Cardenas Martinez, a Mexican youth, was hanged at Pecos, Tex., at noon yesterday for the murder of Miss Emma Brown, a school teacher, three years ago. The case developed widespread interest, every legal resource having been exhausted. The young woman was shot while riding alone in a buggy. It is charged that Martinez, when arrested, confessed. Later he maintained his innocence. The case was taken to the United States Supreme Court.

Mrs. Carmela Musso, the only woman convicted of murder in the Northwest in two years and convicted in spite of the efforts of the Black Hand to secure her acquittal, was yesterday sentenced in Milwaukee, Wis., to State prison for life, Wisconsin laws not permitting capital punishment. A new trial was denied, and an appeal to the Supreme Court will be taken.

BISHOP OPENS SEASON.

Week's Activity of General Conference of M. E. Church South.

Oklahoma, City, Okla., May 12.—A week af activity faced the members of the general conference of the Methodist Episcopal church south, when they met for the first session of their second week here today. Bishop Hoss took the gavel as presiding officer of the day.

The call for memorials and petitions brought forth a number of propositions, but the majority related to matters already placed before the conference body and referred to committees.

A preliminary report from the special committee on the Vanderbilt University matter was expected today.

May Help You if Lungs Are Affected

Proper diet, fresh air and temperate habits are beneficial to persons suffering from Lung Trouble; but in a great many instances reports show that the addition of a medicine for this affection has materially helped in bringing about recovery. For more than fifteen years Eckman's Alterative, a medicine for Throat and Lung Troubles, has accomplished good results. Read what it did in this case:—

Madison Lake, Minn.

"Gentlemen: In December, 1908, March, 1909, and September, 1909, I was taken with hemorrhages of the lungs which confined me several weeks, each time to my bed. My doctor advised me to go West. In November I started for Denver Col. After my arrival I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alterative. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 165, my normal weight. I thank God and your Alterative for my health."

(Affidavit) PAUL L. FASNACHT.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

NEWS OF THE DAY.

Dr. J .E. Offner was arrested last night in Fairmont, W. Va., charged with first degree murder. He is accused of performing an operation on Mrs. Janet Gwynn Malone, which it is alleged, caused peritonitis, from which she died Friday night. Before she died she left a declaration charging Dr Offner with the crime. The coroner's jury brought in a verdict holding the physician responsible. Prosecuting Attorney Tusca Morris fixed his bond at $5,000.

Fearing that her own illness would prove fatal and not desiring that her invalid daughter, Jessie, 18 years old, should be left alone, Mrs. Jno. Grimm, 54 years old, of New Philadelphia, murdered the girl, crushing her skull with an axe and slashing her throat with a razor. The mother, believed to be temporarily insane, confessed to another daughter, Mrs. Lee Kuhn, of Canal Dover, who came to spend the day at the Grimm home and was first to discover the tragedy.

A quarrel over a $5 bill that had been put up as a bet resulted in the murder of Tony Arano, a coal miner of Rowlesburg, Md., Sunday and the probable fatal shooting of Mrs. Vito Zocco and Frank Rolla Arano's brains were blown out. Mrs. Zocco was shot through the body and Rolla in the mouth. The police say they have been informed that Vito Zocco, who has fled, did the shooting and a search is being made for him.

Martin Tressler, the 13-year-old son of Adam Tressler, who disappeared from his home near Sabillaville, Md., a week ago, has not been located. Searching parties have scoured the mountain for miles around, but no trace of the lad has been found. Parties from near Emmitsburg joined in the search yesterday and the hunt was continued until after nightfall. A week ago the lad said he was going for a walk. Thinking he was with friends, no attention was paid to his absence until the following morning. When the neighbors said they had not seen him, searching parties started out and the authorities were notified.

Daniel Brodnos, of Braddock, Pa., owes his marital trouble to the fact that he dislikes soup as a steady diet Brodnos, who is 6 feet 1 nch, all bone and muscle told Judge Frazer in district court yesterday that his wife, who weighs about 90 pounds, had for the past four years forced him to eat soup for breakfast, dinner, and supper. According to the husky Brodnos, when he would demur at the sameness of his diet his wife would douse him with scalding hot soup, and then beat him. Soup and beatings finally palled, and Brodnos now seeks a decree. Mrs. Brodnos denied her husband's statement, and declared that he never furnished her with enough money to buy the foundation for a bowl of soup.

A memorial field mass in honor of the nation's patriot dead will be held next Sunday morning on the Washington Monument grounds by the department of the District of Columbia Spanish War Veterans. The exercises will begin at 10 o'clock. Invitations have been sent to the President, Vice President Marshall, members of the cabinet, the justices of the United States Supreme Court and the District Supreme Court, Speaker Clark of the House, Admiral Dewey, Major General Wotherspoon, chief of staff of United States army; members of Congress, members of the diplomatic corps, and many other distinguished persons. The Grand Army of the Republic, the Army and Navy Union, and all patriotic organizations have been invited.

Colonel John C. Calhoun Mayo, Democratic national committeeman from Kentucky and the wealthiest citizen of that State, died in New York yesterday afternoon. Colonel Mayo, a sufferer from Brights' disease, received a fresh supply of blood through transfusion from his brother, Washington Mayo, in Cincinnati three weeks ago. He went to New York to consult a specialist. Immediately after his arrival pneumonia developed and peritonitis followed. Twenty-five years ago Col. Mayo was a poor struggling school teacher in the eastern Kentucky mountains, but before he was 45 years of age he was the wealthiest citizen of Kentucky, with a fortune conservatively estimated at $20,000,000. Colonel Mayo was born September 16, 1864, in Johnson county, Ky.

DEFEAT 'DRYS' 'IN POLL.

Liquor Forces Say Hobson Prohibition Resolution Lacks Sufficient Supporters.

Washington, May 12.—The poll of the House by the liquor forces, which was obtained yesterday indicates the defeat of the Hobson prohibition amendment to the Federal constitution should a vote be forced on it at the present session of Congress. The poll gives 202 votes for the Hobson resolution and 174 against It. In order to pass the resolution the "drys" must muster a two-thirds majority, which is 290 votes. They lack, therefore 88 votes of the necessary two thirds majority.

It developed yesterday that a most determined effort will be made to bar the Hobson amendment from the deliberations of the Democratic caucus tonight. This caucus will decide the legislative program for the remainder of the present session of Congress. Democratic leaders like Representative Webb, of North Carolina, and others who favor the Hobson amendment declare it has no place in the caucus, and once it is injected into that assemblage it will line up the Democratic party for or against prohibition.

"Voters the country over," said one Democratic leader, "will accept the decision of the Democratic caucus as for or against prohibition, and that would mean we would have to enter the next congressional campagn committed one way or the other on the issue."

The impeachment of Judge Alston G. Dayton, Federal District Court, Northern district of West Virginia, was proposed in a resolution introduced yesterday by Representative Matthew M. Neely, of West Virginia, a Democrat. Labor organizations of the coal region are urging the impeachment. Mr. Neely said he had received petitons from 9,000 labor men in the district urging the removal of Judge Dayton.

MINES TO STAY CLOSED.

Garrison Determined to Prevent Further Trouble in Colorado Coal Fields.

Washington, May 12.—No mines will be permitted to reopen in the Colorado strike district for the present, Secretary of War Garrison announced yesterday.

He denied that orders had been issued forbidding importation of strikebreakers, but explained that while the situation remained threatening the mines not already running probably would be kept closed until, in his judgment, their opening would precipitate no further trouble.

"It makes no difference whether strikebreakers are imported or whether the labor is on the ground," said Mr. Garrison. "The question is whether their employment would start trouble.

"We are not going to permit anything that would aggravate the situation. The mines will be allowed to reopen just as soon as conditions warrant."

Trinidad, Col., May 12.—The announcement of a definite policy of intervention in the strife-torn districts of the coal strike zone by the United States Army officers in command of Federal forces here meet with approval of both contending factions.

By the War Department's program no mine in the State which was shut down as the result of the walkout of miners September 23, 1913, will be permitted to operate for the present. Those mines which were closed as a result of the violence in the State between September 23, 1913, and April 22, 1914, will be permitted to resume operations with all men who were bona fide employes of the companies prior to April 22. No more strikers will be allowed to enter the district.
